

High Performance Shared Storage

Buffalo's LinkStation Pro is a high performance, dependable, shared network storage solution with fast transfer speeds. It is easy to install and lets you store and share your music, photos, and videos on your home or business network as well as online. Stream your favorite music and videos directly from the LinkStation Pro to a PC, Mac, or network attached DLNA media player.

Access and share your multimedia collection from anywhere at anytime using Web Access. Anyone with a Web browser and access credentials to your LinkStation will be able to see your photos, videos and other content. The user-friendly LinkStation Pro makes sharing simple.
