

Ultra Compact. Ultra Silent. Ultra Reliable.

Buffalo's LinkStation Mini™ is an ultra compact, fan-less, network attached, dual-drive data storage device. Its palm sized form factor and very silent operation make this NAS unit an ideal addition to your entertainment center. Its low power consumption is attractive for those leaving the unit powered on 24/7.

The built-in Web Access feature lets you access your files anytime via a Web browser from anywhere! A built-in DLNA CERTIFIED™ media server makes streaming audio and visual content to any DLNA player or PC a snap.

Business class features like Active Directory support make this portable NAS a good solution for IT personnel that has to serve remote office locations. Available in black and white.
